Subject: Interim Guidance: Land Use Plan Evaluation DD: 7/10/00

We are sending to you today, via pouch mail, the Interim Guidance for the evaluation of Land Use Plans. We regret the short time period provided for review and comment on this guidance. We just received it this morning from WO, via regular mail, and immediately requested an extension. However, we cannot know until next week if an extension of the due date can be provided.

Please provide copies of this guidance to your NEPA and Planning Coordinators, and request that they try to complete a review, at least sufficient to address any concerns that they may have, prior to close-of-business on July 7, 2000. All comments and questions should be addressed to Paul Myers at 775-861-6484. Paul is providing back-up for our Planning and Environmental Coordination responsibilities while Brian Amme is out of the office. Brian will return on July 20.

Should our request for an extension of the review period be approved, we will advise you immediately. Again, our apologies for the extremely short notice. However, it is important that any comments that Nevada Field Office Staff might have be communicated to WO prior to issuance of the Final Guidance.
